

# CRIMINAL CASE REFERRALS

The following tables reflect the number of cases referred by offense and tribe to the Arizona United States Attorney's Office during the reporting period of July 1, 2003, to June 30, 2004. Once referred, a case may be charged, declined, or a request for further investigation made to the referring agency. In addition to the referred cases, AUSAs continue to handle cases referred during previous reporting years and that remain active during this reporting period. (Previous Indian Country Reports included *all* cases, including those referred and active during the reporting period.) However, those cases are not reflected in these tables. The total population of each tribe is listed to the right of each tribe's name. These population figures were provided by the Inter-Tribal Council of Arizona and based on the 2000 Census.

## Ak-Chin
